Guidelines for Evaluation and Management Services and the 1997 Documentation Guidelines for Evaluation and Management Services. These publications are also available in the Reference Section. NOTE: For billing Medicare, you may use either version of the documentation guidelines for a patient encounter, not a combination of the two.

Evaluation and Management Services Guide - CMS

1997 DOCUMENTATION GUIDELINES FOR EVALUATION AND MANAGEMENT SERVICES I. INTRODUCTION WHAT IS DOCUMENTATION AND WHY IS IT IMPORTANT? Medical record documentation is required to record pertinent facts, findings, and observations about an individual's health history including past and present illnesses, examinations, tests, treatments, and outcomes.

1997 Documentation Guidelines for Evaluation and ...

For services performed on or after September 10, 2013, however, physicians may use the 1997 documentation guidelines for an extended history of present illness (HPI) along with other elements from the 1995 guidelines to document an evaluation and management service. Weigh the Elements

When To Use Both '95 and '97 Documentation Guidelines ...

1997 CMS Documentation Guidelines. The Centers for Medicare & Medicaid Services (CMS) has developed documentation guidelines for use with evaluation and management (E/M) codes. While there are 2 versions of the guidelines (1995 and 1997), either can be used to justify the reporting of a particular E/M code because the CMS allows use of "whichever [version] is most advantageous to the physician."

1997 CMS Documentation Guidelines - AAP.org

It is clear that the 1997 E/M guidelines offer more flexibility when recording the HPI portion of the key component of History . Unlike the 1995 rules, the 1997 version allows physicians to document an extended HPI by commenting on the status of three or more chronic or inactive problems.

1995 VS. 1997 E/M guidelines, E/M Coding Education, EM ...

CMS now allows for history of present illness (HPI) criteria that were limited to the 1997 Guidelines to be used for when determining the evaluation and management (E/M) level of service when using the 1995 Guidelines. This is a significant change that could result in significantly higher E/M levels for many providers.

CMS Allows Combination of 95 and 97 E/M Guidelines ...

E/M Documentation Auditors' Instructions Refer to data section (table below) in order to quantify. After referring to data, circle the entry to the RIGHT in the table, which best describes the HPI, ROS and PFSH.

E/M DOCUMENTATION AUDITORS' WORKSHEET 1997 Guidelines

The 1997 guidelines were an enhancement to the 1995 guidelines to include status of chronic conditions, one general multisystem exam scorecard and 11 single organ system exam scorecards. The other components remained unchanged. These guidelines were developed by the American Medical Association (AMA), CMS, and various specialty societies.

Specialty Exam and E&M Score Sheets - Main Index

diagnosis and/or selecting a management option. This is determined by three factors: The number of possible diagnoses and/or the number of management options that must be considered; The amount and/or complexity of medical records, diagnostic tests, and/or other information that must be obtained, reviewed and analyzed; and,

Basics of Evaluation & Management (E/M) Services

To address some of these problems, CMS introduced the 1997 Documentation Guidelines for Evaluation and Management Services. The differences between the two sets of guidelines lie mainly in the portion that addresses the examination.
