What is a pergola? A pergola is a basic yet practical garden structure that can serve multiple purposes. According to the dictionary, a garden pergola is defined as 'an arch or a structure with a roof over which climbing plants can be grown'. An outdoor pergola can be a place to put your outdoor setting to ensure it is undercover, or it can simply be a place that offers shade and privacy ...

Layout of your pergola is just as important as height. You will need to consider ledger loca-tion, post location, slope of concrete patios or wood decks, and sprinkler or utility lines if it is an in-ground pergola. Note: It is recommended to verify local building codes or ordinances regarding height of pergola. 2
