Perceived as a replacement for the long running Leone, the Impreza quickly gained a great reputation through Subaru's successful WRC program. This book covers the full story of the Impreza, from concept through to the current production car, looking at the rally machines along the way, and illustrated throughout with contemporary material. Now with over 400 mainly color pictures and significant additional text, this is a fantastic warts and all account of an amazing car.

With an Introduction by George Soros and an Afterword by Aryeh Neier George Soros is one of the world's leading philanthropists.

Over the past thirty years, he has provided more than 8 billion to his worldwide network of foundations: the Open Society Foundations, which have applied the concept of the open society, the cornerstone of Soros's thinking on democracy, freedom, and human rights, in the United States and abroad. This book, written by former New York Times journalist Chuck Sudetic, marks the first exploration of George Soros's innovative philanthropic strategies and unmatched commitment to building open societies in places where dictatorship and violent repression have been the rule for too long. Soros is widely lauded for his brilliant financial and economic insights and investment strategies. But his philosophy-driven philanthropy and its impact are unprecedented for a private individual, and have produced remarkable results. Soros's visionary efforts include: helping to topple communism in eastern Europe and the Soviet Union and attempting to foster civil society in China initiating and nurturing global and local organizations fighting to overcome the driver of war, repression, and corruption in oil- and blood-diamond states helping Sarajevo's people endure three years of siege during the Bosnian War fighting resistant strains of TB in Russia's jails and Lesotho's mountains before the disease can devastate the world's great cities undertaking the first attempt in history to help Europe's most downtrodden people lift themselves from poverty and segregation supporting democratic resistance in Burma and building communities in Haiti's roughest slums applying new methods for fighting poverty and drug addiction and reforming dysfunctional justice systems in Baltimore, New Orleans, and other U.S. cities. The Philanthropy of George Soros reveals the thought and practice behind a lesser-known dimension of this remarkable man's life, his goals for society, and his underlying vision for the future.

This comprehensive introduction to classical electromagnetic theory covers the major aspects, including scalar fields, vectors, laws of Ohm, Joule, Coulomb, Faraday, Maxwell's equation, and more. With numerous diagrams and illustrations.

This volume offers a definitive source for understanding social influences in L2 pronunciation, demonstrating the importance of empirical findings from a number of research perspectives, and outlining the directions that future work can take. The aim is to present a coherent argument for the significance of social factors and how they contribute to phonological acquisition.

"The best stories change you. I am not the same after *The Vanishing Act* as I was before."—Erin Morgenstern, author of *The Night Circus*

On a small snow-covered island—so tiny that it can't be found on any map—lives twelve-year-old Minou, her philosopher Papa (a descendent of Descartes), Boxman the magician, and a clever dog called No-Name. A year earlier Minou's mother left the house wearing her best shoes and carrying a large black umbrella. She never returned. One morning Minou finds a dead boy washed up on the beach. Her father decides to lay him in the room that once belonged to her mother. Can her mother's disappearance be explained by the boy? Will Boxman be able to help find her? Minou, unwilling to accept her mother's death, attempts to find the truth through Descartes' philosophy. Over the course of her investigation Minou will discover the truth about loss and love, a truth that *The Vanishing Act* conveys in a voice that is uniquely enchanting.

A cute colourful design suited for diaries, taking notes, writing, organizing, lists, journaling, and brainstorming. Composition
