In the first part of the present paper, the working principles of the FRIEX welding process are ...

One of the most popular editions in Haynes’ Techbook Series provides comprehensive coverage of the latest equipment and techniques for home DIY enthusiasts and shop pros.

Covering the broad spectrum of modern structural engineering topics, the Handbook of Structural Engineering is a complete, single-volume reference. It includes the theoretical, practical, and computing aspects of the field, providing practicing engineers, consultants, students, and other interested individuals with a reliable, easy-to-use source of information. Divided into three sections, the handbook covers:

Compact and pocket-sized, this handy reference contains thousands of facts and figures relevant to pipefitters, steamfitters-anyone concerned with layout and installation of pipe.

A comprehensive, visual handbook for welding in the farm, home workshop, school workshop, blacksmith shop, or auto shop. Almost anyone can weld, cut, or shape metal. That’s the starting point for this supremely practical book which helps the beginner to improve and the intermediate operator to broaden their technique. Its detailed sections describe all the major types of welds before progressing into trickier methods. With this comprehensive guide, you’ll understand everything you need to know, from arc, TIG, MIG, and gas welding to plasma cutting, soldering, welding plastic, and more. Beyond welding metals and plastics, advice extends into the wider workshop with chapters on drills, cutting threads, and basic blacksmithing. Filled with helpful visuals and photography, detailed explanations, expert suggestions, and step-by-step directions, author and experienced welding instructor Andrew Pearce also lays out common pitfalls and mistakes, and how to avoid or correct them. New, updated edition will include brand new chapters on general welding skills and understanding metals, expanded information on abrasives, and four new step-by-step projects and plans, including a steel table, fire pit, welding cart, and more.
