Fallen Angels by Walter Dean Myers is a young adult novel about seventeen-year-old Richie Perry, a Harlem teenager who volunteers for the Army when unable to afford college and is sent to fight in the Vietnam War. Perry and his platoon Peeewe, Lobel, Johnson, and Brunner come face-to-face with the Vietcong, the harsh realities of war, and some dark truths about themselves. A thoughtful young man with a gift for writing and love of basketball, Perry learns to navigate among fellow soldiers under tremendous stress and struggles with his own fear as he sees things he'll never forget: the filling of body bags, the deaths of civilians and soldier friends, the effects of claymore mines, the fires of Napalm, and jungle diseases like Nam Rot. Available as an e-book for the first time on the 25th anniversary of its publication, Fallen Angels has been called one of the best Vietnam War books ever and one of the great coming-of-age Vietnam War stories. Filled with unforgettable characters, not least Peeewe Gates of Chicago who copes with war by relying on wisecracks and dark humor, Fallen Angels reaches deep into the minds of soldiers and makes readers feel they are there, deep in the heart of war. Fallen Angels has won numerous awards and honors, including the Coretta Scott King Award, an ALA Best Book for Young Adults, a Booklist Editors Choice, and a School Library Journal Best Book. Fallen Angels was #16 on the American Library Association's list of the most frequently challenged books of 1990/2000 for its realistic depiction of war and those who fight in wars.

Winner, Arab American National Museum Book Award for Children's/YA Literature, among other awards and honors. "When a war ends it does not go away," my mother says."It hides inside us . . . Just forget!" But I do not want to do what Mother says. . . I want to remember. In this groundbreaking memoir set in Ramallah during the aftermath of the 1967 Six-Day War, Ibtisam Barakat captures what it is like to be a child whose world is shattered by war. With candor and courage, she stitches together memories of her childhood: fear and confusion as bombs explode near her home and she is separated from her family; the harshness of life as a Palestinian refugee; her unexpected joy when she discovers Alef, the first letter of the Arabic alphabet. This is the beginning of her passionate connection to words, and as language becomes her refuge, allowing her to piece together the fragments of her world, it becomes her true home. Transcending the particulars of politics, this illuminating and timely book provides a telling glimpse into a little-known culture that has become an increasingly important part of the puzzle of world peace.

In the vein of The Glass Castle, Breaking Night is the stunning memoir of a young woman who at age fifteen was living on the streets, and who eventually made it into Harvard. Liz Murray was born to loving but drug-addicted parents in the Bronx. In school she was taunted for her dirty clothing and lice-infested hair, eventually skipping so many classes that she was put into a girls' home. At age fifteen, Liz found herself on the streets. She learned to scrape by, foraging for food and riding subways all night to have a warm place to sleep. When Liz's mother died of AIDS, she decided to take control of her own destiny and go back to high school, often completing her assignments in the hallways and subway stations where she slept. Liz squeezed four years of high school into two, while homeless; won a New York Times scholarship; and made it into the Ivy League. Breaking Night is an unforgettable and beautifully written story of one young woman's indomitable spirit to survive and prevail, against all odds.
