Follows the adventures of a British aristocrat, who sidelines as an international art thief, and his partner, a straight-laced N.A.T.O. officer, as they travel around the world in the late 1970s.

Newly revised introduction and foreword and newly recorded CD by Seizo Azuma.

Once upon a time, one had to read Japanese in order to enjoy manga. Today manga has become a global phenomenon, attracting audiences in North America, Europe, Africa, and Australia. The style has become so popular, in fact, that in the US and UK publishers are appropriating the manga style in a variety of print material, resulting in the birth of harlequin mangas which combine popular romance fiction titles with manga aesthetics. Comic publishers such as Dark Horse and DC Comics are translating Japanese "classics", like Akira, into English. And of course it wasn't long before Shakespeare received the manga treatment. So what is manga? Manga roughly translates as "whimsical pictures" and its long history can be traced all the way back to picture books of eighteenth century Japan. Today, it comes in two basic forms: anthology magazines (such as Shukan Shonen Jampu) that contain several serials and manga 'books' (tankobon) that collect long-running serials from the anthologies and reprint them in one volume. The anthologies contain several serials, generally appear weekly and are so thick, up to 800 pages, that they are colloquially known as phone books. Sold at newspaper stands and in convenience stores, they often attract crowds of people who gather to read their favorite magazine. Containing sections addressing the manga industry on an international scale, the different genres, formats and artists, as well the fans themselves, Manga: An Anthology of Global and Cultural Perspectives is an important collection of essays by an international cast of scholars, experts, and fans, and provides a one-stop resource for all those who want to learn more about manga, as well as for anybody teaching a course on the subject.

"For headling, nonstop adventure and for vivid, even florid, scenery, no one even comes close to Howard."—Harry Turtledove In a meteoric career that covered only a dozen years, Robert E. Howard defined the sword-and-sorcery genre. In doing so, he brought to life the archetypal adventurer known to millions around the world as Conan the barbarian. Witness, then, Howard at his finest, and Conan at his most savage, in the latest volume featuring the collected works of Robert E. Howard, lavishly illustrated by award-winning artist Greg Manchess. Prepared directly from the earliest known versions—often Howard's own manuscripts—are such sword-and-sorcery classics as "The Servants of Bit-Yakin" (formerly published

as "Jewels of Gwahlur"), "Beyond the Black River," "The Black Stranger," "Man-Eaters of Zamboula" (formerly published as "Shadows in Zamboula"), and, perhaps his most famous adventure of all, "Red Nails." The Conquering Sword of Conan includes never-before-published outlines, notes, and story drafts, plus a new introduction, personal correspondence, and the revealing essay "Hyborian Genesis"—which chronicles the history of the creation of the Conan series. Truly, this is heroic fantasy at its finest.

On a weeklong outing in Mt. Hood National Forest, what begins as a flirty, fun-filled trip soon turns into a nightmare, when an ape-like creature kidnaps a group of teen girls with the purpose of procreating with them. Thus begins the erotic adventure of a lifetime, and an inconceivable love story between a young woman and her horny Sasquatch. "Right mix of horror and erotica" - Scarlett Jones. "If you like a skillfully developed group of characters, a descriptive setting, and a plot that actually has you rooting for the characters, you'll like this read."- Natalia Darque, author of Breeding Mom and Daughter and Breeding the Millionaire "...the abduction of the three girls by an old woman and her "son" leonard the bigfoot is treated like hostel; where the porn world meets the horror world. and it's not at all bad." - Karen Woodside, NY "I'm completely hooked on this series." - Katie Cramer, author of What Money Can Buy and Loving The Alien (Sci-Fi Tentacle Sex Erotica) (Quick and Dirty Reads)

Deep in the heart of nineteenth century London, a young nobleman named Cain is forced to become head of the Hargreaves, a noble family with a dark past; and, along with his servant and half-sister, he investigates the mysterious crimes that follow him.

The third installment in the series follows both old and new characters, from Pikachu, who discovers that everyone in the PokTmon world has mysteriously vanished, to Eevee, whose clever plan to sneak candy to its owner is thwarted by Primeape. Original.

A collection intended for students, presenting primary sources (some of them excerpts, and some of them translated) and study questions designed to stimulate discussion. Vol. II deals with the period of the 17th century to the present. Ch. 9 (pp. 392-436), "The Jewish Holocaust", contains excerpts from documents (e.g. German official documents, Nazi leaders' speeches, eyewitness accounts and memoirs, and Nuremberg Trial documents) pertaining to Nazi anti-Jewish policies, the Nazi genocide of the Jews, Jewish resistance, and postwar trials against those responsible for the mass murders.
