Published in 1979, Gilbert and Gubar's The Madwoman in the Attic was hailed as a pathbreaking work of criticism. This thirtieth-anniversary collection adds both valuable reassessments and new readings and analyses. The authors take as their subjects specific nineteenth- and twentieth-century women writers, the state of feminist theory and pedagogy, genre studies, film, race, and postcolonialism, with approaches ranging from ecofeminism to psychoanalysis.

Called "a feminist classic" by Judith Shulevitz in the New York Times Book Review, this pathbreaking book of literary criticism is now reissued with a new introduction by Lisa Appignanesi that speaks to how The Madwoman in the Attic set the groundwork for subsequent generations of scholars writing about women writers, and why the book still feels fresh some four decades later. "Gilbert and Gubar have written a pivotal book, one of those after which we will never think the same again."—Carolyn G. Heilbrun, Washington Post Book World

A brilliant, sweeping history of the contemporary women's movement told through the lives and works of the literary women who shaped it. Forty years after their first groundbreaking work of feminist literary theory, The Madwoman in the Attic, award-winning collaborators Sandra M. Gilbert and Susan Gubar map the literary history of feminism's second wave. From its stirrings in the midcentury—when Sylvia Plath, Betty Friedan, and Joan Didion found their voices and Diane di Prima, Lorraine Hansberry, and Audre Lorde discovered community in rebellion—to a resurgence in the new millennium in the writings of Alison Bechdel, Claudia Rankine, and N. K. Jemisin, Gilbert and Gubar trace the evolution of feminist literature. They offer lucid, compassionate, and piercing readings of major works by these writers and others, including Adrienne Rich, Ursula K. Le Guin, Maxine Hong Kingston, Susan Sontag, Gloria Anzaldúa, and Toni Morrison. Activists and theorists like Nina Simone, Gloria Steinem, Andrea Dworkin, Eve Kosofsky Sedgwick, and Judith Butler also populate these pages as Gilbert and Gubar examine the overlapping terrain of literature and politics in a comprehensive portrait of an expanding movement. As Gilbert and Gubar chart feminist gains—including creative new forms of protests and changing attitudes toward gender and sexuality—they show how the legacies of second wave feminists, and the misogynistic culture they fought, extend to the present. In doing so, they celebrate the diversity and urgency of women who have turned passionate rage into powerful writing.

The 1979 publication of Susan Gubar and Sandra M. Gilbert's ground-breaking study The Madwoman in the Attic marked a founding moment in feminist literary history as much as feminist literary theory. In their extensive study of nineteenth-century women's writing, Gubar and Gilbert offer radical re-readings of Jane Austen, the Bronts, Emily Dickinson, George Eliot and Mary Shelley tracing a distinctive female literary tradition and female literary aesthetic. Gubar and Gilbert raise questions about canonisation that continue to resonate today, and model the revolutionary importance of re-reading influential texts that may seem all too familiar

In this work the authors explore the works of many 19th-century women writers. They chart a tangible desire expressed for freedom from the restraints of a confining patriarchal society and trace a distinctive female literary tradition.

A re-assessment of the Gothic in relation to the female, the 'feminine', feminism and post-feminismThis collection of newly commissioned essays brings together major scholars in the field of Gothic studies in order to re-think the topic of 'Women and the Gothic'. The 14 chapters in this volume engage with debates about 'Female Gothic' from the 1970s and '80s, through second wave feminism, theorisations of gender and a long interrogation of the 'women' category as well as with the problematics of post-feminism, now itself being interrogated by a younger generation of women. The contributors explore Gothic works from established classics to recent films and novels from feminist and post-feminist perspectives. The result is a lively book that combines rigorous close readings with elegant use of theory in order to question some ingrained assumptions about women, the Gothic and identity.Key FeaturesRevitalises the long-running debate about women, the Gothic and identityEngages with the political agendas of feminism and post-feminismPrioritises the concerns of woman as reader, author and criticOffers fresh readings of both classic and recent Gothic works
