I'd always been different. I saw objects in the night where others saw emptiness. Large, human shaped shadows, fierce yet beautiful, melting into the darkness. I collected secrets like other women collected bells; afraid to fully trust lest my oddities be exposed. Until I saw him. He'd been gliding down the street, unshakable confidence in every step. He'd been right there, just beyond the light, but only I had perceived. I had to know if he was real. Or maybe I really was crazy. And even when my secret box was blasted wide open, dangers hurled at me like throwing knives, I couldn't stop until I unraveled his true identity. I just had to know.

must step... INTO DARKNESS. Into Darkness is the fifth episode – a blockbusting 688 pages – in Terry Goodkind's irresistibly intense new serial novel, The Children of D'Hara. 'I want to introduce everyone to THE CHILDREN OF D'HARA, a new series that continues the story of the lives of Richard and Kahlan. This is a journey that began 25 years ago with the 1994 release of WIZARD'S FIRST RULE, when Richard first met Kahlan that fateful day in the Hartland woods. After the 'The Sword of Truth' series ended, I knew there was more to Richard and Kahlan's story. Much more. A whole world more. For years, readers have asked me about Richard and Kahlan's lives after the Sword of Truth series . . . and importantly, about their children. While my masterwork, 'The Sword of Truth', concluded with WARHEART – 20

Without skipping a beat, readers will plunge back into Richard and Kahlan's lives, with new episodes releasing every three months. So it is that I want to welcome you all back into the Sword of Truth world with many of the characters besides Richard and Kahlan, such as the Mord-Sith, that we have come to love. Learn what the star shift has done to their world and what monsters now lurk in shadows. I promise an arresting, beautiful, and sometimes tragic adventure that will keep you glued to this irresistible story.' —Terry Goodkind.

Over the span of a few short years, she endured several miscarriages and the loss of her husband, a dear cousin, and child. But one small cross-section of a life doesn't do justice to the amount of love, resilience, growth, and blessings a person experiences after such titanic losses. With each new harbinger of grief, Toelle-Jackson was forced to discover another way to survive the pain. In *Boldly into the Darkness*, she examines

In the #1 New York Times bestseller *Mindhunter*, John Douglas, who headed the FBI's elite Investigative Support Unit, told the story of his brilliant and terrifying career tracking down some of the most heinous criminals in history. Now, in *Journey into Darkness*, Douglas profiles vicious serial killers, rapists, and child molesters. He is straightforward, blunt, often irreverent, and outspoken, but takes pains not to glorify any of these murderers. Some of

the unique cases Douglas discusses include: -The Clairemont killer -The schoolgirl murders -Richmond's First Serial Murderer -The brutal and sadistic murder of Suzanne Marie Collins -Polly Klaas' abduction and murder by Richard Allen Davis, -The tragedy that lead to the creation of Megan's Law

With *Journey into Darkness*, Douglas provides more than a glimpse into the minds of serial killers; he demonstrates what a powerful weapon behavioral science has become. Profiling criminals helps not only to capture them, but also helps society understand how these predators work and what can be done to prevent them from striking again. Douglas focuses especially on pedophiles and child abductors, fully explaining what drives them, and how to keep children away from them. As he points out, "The best

way to protect your children is to know your enemy." He includes eight rules for safety, a list of steps parents can take to prevent child abduction and exploitation, tips on how to detect sexual exploitation, basic rules of safety for children, and a chart, based on age, which details the safety skills children should have to protect themselves. In his review for Mindhunter in The New York Times Book Review, Dean Koontz said, "Because of his insights and the power of the material, he leaves us shaken, gripped by a quiet grief for the innocent victims and anguished by the human condition." Journey into Darkness continues this perilous trip into the psyche of the serial killer, but also offers a glimmer of hope that profiling may enable law enforcement to see the indicators of a serial killer's mind and intervene

On October 10, 1941, the Jewish population of the Belarusian village of Krucha was rounded up and shot. This atrocity was not the routine work of the SS but was committed by a regular German army unit acting on its own initiative. *Marching into Darkness* is a bone-chilling exposé of the ordinary footsoldiers who participated in the Final Solution on a daily basis. Although scholars have exploded the myth that the Wehrmacht played no significant part in the Holocaust, a concrete picture of its involvement has been lacking. *Marching into Darkness* reveals in detail how the army willingly fulfilled its role as an agent of murder on a massive scale. Waitman Wade Beorn unearths forced

labor, sexual violence, and grave robbing, though a few soldiers refused to participate and even helped Jews. Improvised extermination progressively became methodical, with some army units going so far as to organize "Jew hunts." The Wehrmacht also used the pretense of Jewish anti-partisan warfare as a subterfuge by reporting murdered Jews as partisans. Through military and legal records, survivor testimonies, and eyewitness interviews, Beorn paints a searing portrait of an army's descent into ever more intimate participation in genocide.
