In 1839, Muslims attacked the Jews of Meshhed, murdering 36 of them, and forcing the conversion of the rest. While some managed to escape across the Afghan border, and some turned into true believing Muslims, the majority adopted Islam only outwardly, while secretly adhering to their Jewish faith. Jadid al-Islam is the fascinating story of how this community managed to survive, at the risk of their lives, as crypto-Jews in an inimical Shi'i Muslim environment. Based on unpublished original Persian sources and interviews with members of the existing Meshhed community in Jerusalem and New York, this study documents the history, traditions, tales, customs, and institutions of the Jadid al-Islam—"New Muslims."

In 88 B.C. it seems as if all the world is at war. From Rome to Greece and to Egypt itself, most of civilization is on the verge of war. The young Gordianus—a born-and-raised Roman citizen—is living in Alexandria, making ends meet by plying his trade of solving puzzles and finding things out for pay. He whiles away his time with his slave Bethesda, waiting for the world to regain its sanity. But on the day Gordianus turns twenty-two, Bethesda is kidnapped by brigands who mistake her for a rich man's mistress. If Gordianus is to find and save Bethesda, who has come to mean more to him than even he suspected, he must find the kidnappers before they realize their mistake and cut their losses. Using all the skills he learned from his father, Gordianus must track them down and convince them that he can offer something of enough value in exchange for Bethesda's release. As the streets of Alexandria slowly descend into chaos, and the citizenry begin to riot with rumors of an impending invasion by Ptolmey's brother, Gordianus finds himself in the midst of a very bold and dangerous plot—the raiding and pillaging of the golden sarcophagus of Alexander the Great himself. New York Times bestselling author Steven Saylor returns, chronicling the early years of his detective, Gordianus, before he assumed the title of The Finder. Raiders of the Nile is the latest in his much-loved series of mysteries set in the late Roman Republic.

Homo Americanus is a powerful investigation into the origins and dynamics of Americanism. Drawing from many long-forgotten or suppressed sources in the fields of literature, history, anthropology and philosophy, this book represents an interdisciplinary critique of America's founding myths, its riddled present, and its questionable tomorrow. Dr. Tomislav Sunic casts strong light on many facets of the American question: the postmodern American psychology driven by a sense of Jewish-inspired chosenness, America's linguistic manipulations, its techno-scientific religion of boundless progress, and the American geopolitical reality as a menacing and self-destructive hegemon, which puts not only the survival of its own European legacy at risk, but also the heritage of all European peoples worldwide.

Eat, Pray, Love meets The Rosie Project in this fresh, heartwarming memoir by a man who travels to Verona and volunteers to answer letters addressed to Shakespeare's Juliet, all in an attempt to heal his own heartbreak. When Glenn Dixon is spurned by love, he packs his bags for Verona, Italy. Once there, he volunteers to answer the thousands of letters that arrive addressed to Juliet—letters sent from lovelorn people all over the world to Juliet's hometown; people who long to understand the mysteries of the human heart. Glenn's journey takes him deep into the charming community of Verona, where he becomes involved in unraveling the truth behind Romeo and Juliet. Did these star-crossed lovers actually exist? Why have they remained at the forefront of hearts and minds for centuries? And what can they teach us about love? When Glenn returns home to Canada and resumes his duties as an English teacher, he undertakes a lively reading of Romeo and Juliet with his students, engaging them in passions past and present. But in an intriguing reversal of fate and fortune, his students—along with an old friend—instruct the teacher on the true meaning of love, loss, and moving on. An enthralling tale of modern-day love steeped in the romantic traditions of eras past, this is a memoir that will warm your heart.
