of excellence for lexicography in this country. Here is the most accurate and richly descriptive picture of American English ever offered in any dictionary. Oxford's American editors drew on our 200-million-word databank of contemporary North American English, plus the unrivaled citation files of the world-renowned Oxford English Dictionary. We started with American evidence--an unparalleled resource unique to Oxford. Our staff logged more than 50 editor-years, checking every entry and every definition. Oxford's ongoing North American Reading Program, begun in the early 1980s, keeps our lexicographers in touch with fresh evidence of our language and usage--in novels and newspapers, in public records and magazines, and on-line, too. To provide unprecedented clarity, the entries are organized around core meanings, reflecting the way people think about words and eliminating the clutter and confusion of a traditional dictionary entry. Each entry plainly shows the major meaning or meanings of the word, plus any related senses, arranged in intuitive constellations of connected meanings. Definitions are supplemented by illustrative, in-context examples of actual usage. This major new edition of The New Oxford American Dictionary includes a guide to the pronunciations on every page, a new etymology essay by Anatoly Liberman, completely updated and revised maps, and more than a thousand new entries, covering everything new in our language from low-carb to warblog and beyond. The New Oxford American Dictionary is designed to serve the user clearly, simply, and quickly, with the precise guidance you expect from Oxford University Press. With in-depth and up-to-date coverage that all users need and expect--for reading and study, for technical terms, for language guidance--it continues the tradition of scholarship and lexicographic excellence that are the hallmarks of every Oxford dictionary. Web Site A companion web site is now available at [www.oup.com/us/noad](http://www.oup.com/us/noad).

A comprehensive lexicon of American English includes 175,000 concise definitions; notes on grammar, style and usage; hundreds of

word histories; 225 illustrations, and three thousand biographical and geographical entries. Original.

"The Pocket Oxford American Dictionary & Thesaurus" is the ideal all-in-one portable reference, with a dictionary and thesaurus combined in one handy, integrated volume.

This new dictionary packs an extraordinary amount of information into a handy book that is practical, dependable, affordable, and easy to read. Based on the groundbreaking flagship dictionary of Oxford's US Dictionaries program, the New Oxford American Dictionary, this concise edition includes more than 180,000 entries and definitions, complete with pronunciations, parts of speech, syllabification, inflected forms, and derivatives. All Oxford American dictionaries use an easy-to-use respelling system to show how entries are pronounced. It uses simple, familiar markings to represent common American English sounds. The Concise Oxford American Dictionary is a convenient and complete dictionary for school, work, and home. The dictionary includes Usage Notes that give helpful information on correct English; hundreds of Word Histories that provide fascinating background on the lives of words; more than 300 carefully chosen illustrations; and a handy Ready Reference section with information about weights and measures, chemical elements, U.S. states and presidents, punctuation, frequently misspelled words, and much more.

"Written by writers for writers, this innovative thesaurus truly advances the time-honored word source. Some 25,000 word meanings and connotations are elucidated by means of more than 300,000 synonyms, 10,000 antonymns, 250 word notes written by noted authors, and generous listings of example sentences. Many special features, such as usage notes, word spectrums, and a language guide, further clarify a word's many nuances and assist the user in finding just the right expression. For all readers, wordsmiths,

scribblers, and hacks, Oxford's new thesaurus should be on every library's reference shelf."--"Reference that rocks," American Libraries, May 2005.

Provides definitions and synonyms for more than 300,000 American English words, and offers a language guide covering vocabulary, spelling, and usage.

50 lessons with 130 activities and write-in exercises Each lesson focuses on an area of language, with the emphasis on vocabulary extension and the Oxford 3000™ (the most important words to learn in English) Each lesson encourages students to explore different dictionary entries (taken from the Oxford American Dictionary for learners of English), so that they know how the dictionary helps with pronunciation, parts of speech, and using words correctly Focus on useful vocabulary with the Word Banks The Wordlist in the back of the book shows all the words that are taught in the 50 lessons.

A unique, compact supplement to the Oxford English Dictionary presents all entries in a distinctly American way, including spelling, pronunciation, usage, and slang, and establishes a standard of American English speech

Includes more than 40,000 entries and 50,000 definitions, giving tips on spelling, confusable words, and usage.
