American start with English is a six-level series for children who are learning English for the first time. The series introduces language structures and vocabulary at a pace that young children can easily follow.

After years abroad, Garrison Brown returns home to Vancouver to build a new life. When his beloved grandmother passes away a few weeks before Christmas, Garrison goes to her house to sort out her belongings, including six cats who need new homes. While Garrison hopes to dispense with the task quickly, his grandmother's instructions don't allow for speed. She has left Garrison with some challenging requirements for the future homes of her furry friends--plus a sizeable monetary gift for the new owners. Garrison's job is to match the cats with the right owners without disclosing the surprise gift. Along the way, he may just meet someone who can make him stay. Humorous and heartwarming, this latest Christmas story from bestselling author Melody Carlson is the perfect gift for pet lovers and anyone in whose heart Christmas holds a special place.

This set includes the works of neglected theorists such as Horace Wyatt and Michael West. This set complements English as a Foreign Language Teacing, 1912-1936; Pioneers of ELT.

This is the first history of dictionaries of English for foreign learners, from their beginnings in Japan and East Asia in the 1920s to the present day. Anthony Cowie describes the evolution of the major titles, and their fight for dominance of what soon became an enormous market. He shows how developments in lexical and grammatical theory crucially affected the content and structure of ELT dictionaries.

Providing an introduction, this work contains sections on the British Empire.
