The Mackie ProFX22 — a 4-bus analog live mixer with lots of features — is one of those products that musicians congratulate you on after the gig … and especially after they hear what it costs ($650 street). During my time with it, the most descriptive quote I've heard from a band member surely must be "man — that is all you need!"

Review: Mackie ProFX Series ProFX22 Analog Mixer with USB
The ProFX22 has everything needed to make your gig sound great and all the necessary channels to rock a large band. There is a 3-band EQ 80Hz, 2. Just stream the output of your performance software into the ProFX Simple, rich choruses and an array of practical delays enable you to create professional mixes without requiring a two-hour sound check.
