The retail sector is in the midst of a chrysalis period (major transformation) that is forcing most retailers to recalibrate their intentions with how they execute their business strategies. Many retailers are struggling with adapting to the NEW RETAIL ETHOS which is flummoxing a large segment of retail executives with how to correspond with fluctuating consumer demands in the digital age. Fortunately, this is creating a cacophony of opportunity for retail leaders to establish heuristic methods that will create an axiomatic bridge between legacy retailing of the past to the highly innovative, enthralling, and multisensory digital world of tomorrow, thus, creating an engaging retail

These retail concepts are a series of compounding ideas that create an overall advantageous synergistic effect. They generate effectual momentum analogous to The Flywheel Effect that Amazon CEO Jeff Bezos incorporates which creates a "virtuous cycle" a.k.a. a positive feedback loop. This translates into a magnetic and interactive shopping environment that is built upon solid foundations, devoted relationships, transparency, and an amalgamation of concrete values that truly serve your customers. This retail manual was created to assist any new or experienced retail leader (department manager up to the C-Suite executive) with acclimating to an experiential retail environment while supplementing and enhancing their existing retail acumen.
