outline of biology

Schaum's Easy Outline Molecular and Cell Biology is a pared-down, simplified, and tightly focused review of the topic. With an emphasis on clarity and brevity, it features a streamlined and updated format and the absolute essence of the subject, presented in a concise and readily understandable form.

Schaum's Outlines present all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills.

If you are looking for a quick nuts-and-bolts overview, turn to Schaum's Easy Outlines! Schaum's Easy Outline Molecular and Cell Biology is a pared-down, simplified, and tightly focused review of the topic. With an emphasis on clarity and brevity, it features a streamlined and updated format and the absolute essence of the subject, presented in a concise and readily understandable form. Graphic elements such as sidebars, reader-alert icons, and boxed highlights stress selected points from the text, illuminate keys to learning, and give you quick pointers to the essentials. Expert tips for mastering molecular and cell biology Last-minute essentials to pass the course Supports the major textbooks for molecular and cell biology courses Appropriate for the following courses: Molecular and Cell Biology, Cell Biology, Cytology, Molecular Biology, Molecular Genetics, Genetics, Microbial Genetics, Biotechnology, Molecular Evolution, Evolution Easy-to-follow review of molecular and cell biology Supports all the major textbooks for molecular and cell biology courses

Boiled-down essentials of the top-selling Schaum's Outline series, for the student with limited time What could be better than the bestselling Schaum's Outline series? For students looking for a quick nuts-and-bolts overview, it would have to be Schaum's Easy Outline series. Every book in this series is a pared-down, simplified, and tightly focused version of its bigger predecessor. With an emphasis on clarity and brevity, each new title features a streamlined and updated format and the absolute essence of the subject, presented in a concise and readily understandable form. Graphic elements such as sidebars, reader-alert icons, and boxed highlights feature selected points from the text, illuminate keys to learning, and give students quick pointers to the essentials.

For top grades and an excellent understanding of biology, this powerful study tool is the best tutor you can have. It's been updated to include the latest advances in the field. Features detailed illustrations of complex biologic systems and processes, and takes students by the hand from the smallest elements of life to the primates. Hundreds of problems with fully-explained solutions cut down on study time and make important points easy to remember. Additional problems with answers let students gauge their progress every step of the way.

Tough Test Questions? Missed Lectures? Not Enough Time? Fortunately for you, there's Schaum's. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. This Schaum's Outline gives you 830 fully solved problems with complete solutions Clear, concise explanations of all course concepts Coverage of biochemical signaling, genetic engineering, the human genome project, and new recombinant DNA techniques and sequencing b>Fully compatible with your classroom text, Schaum's highlights all the important facts you need to know. Use Schaum's to shorten your study time-and get your best test scores! Schaum's Outlines--Problem Solved.

Tough Test Questions? Missed Lectures? Not Enough Time? Fortunately, there's Schaum's. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. This Schaum's Outline gives you:

- 800 supplementary problems to reinforce knowledge
- Concise explanations of all biology concepts
- Coverage of both biochemical and molecular approaches to biology and an understanding of life in terms of the characteristics of DNA, RNA, and protein macromolecules
- New end of chapter quiz
- New end of unit test

Support for all major textbooks for courses in Biology PLUS: Access to revised Schaums.com website with access to 25 problem-solving videos, and more. Schaum's reinforces the main concepts required in your course and offers hundreds of practice questions to help you succeed. Use Schaum's to shorten your study time-and get your best test scores! Schaum's Outlines – Problem solved.

If you want top grades and excellent understanding of general, organic and biological chemistry, this powerful study tool is the best tutor you can have! It takes you step-by-step through the subject and gives you accompanying related problems with fully worked solutions. You also get hundreds of additional problems to solve on your own, working at your own speed. This superb Outline clearly presents every aspect of general, organic and biological chemistry. Famous for their clarity, wealth of illustrations and examples, and lack of dreary minutia, Schaum's Outlines have sold more than 30 million copies worldwide. Compatible with any textbook, this Outline is also perfect for self-study. For better grades in courses covering general, organic and biological chemistry, and invaluable preparation for careers in the health professions—you can't do better than this Schaum's Outline!

Tough Test Questions? Missed Lectures? Not Enough Time? Fortunately, there's Schaum's. This all-in-one-package includes more than 850 fully solved problems, examples, and practice exercises to sharpen your problem-solving skills. Plus, you will have access to 25 detailed videos featuring Biology instructors who explain the most commonly tested concepts--it's just like having your own virtual tutor! You'll find everything you need to build confidence, skills, and knowledge for the highest score possible. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills.
