A practical, user-friendly guide for women seeking focus and calm in the midst of life's storms. Overwhelmed by the demands of family, work, and multiple responsibilities, many women find themselves feeling scattered, and distracted. In this eye-opening book, co-founder and CEO of the Mindsight Institute, Caroline Welch takes readers on a mindfulness journey to help them de-stress and cultivate inner peace. According to Welch, you do not need countless hours sitting in silence to be more present in your life--the key is to practice mindfulness wherever you are and whenever you can. The Gift of Presence guides readers in developing four innate capacities we all possess that will allow us to become more resilient and centered in our lives--even when life is throwing all that it has at us: Presence: the ability to remain firmly in the present moment; to be fully aware of what's happening as it's happening. Purpose: the personal meaning that gets us going and gives direction to our lives. Pivoting: an openness to change that allows you to switch direction if that is what is needed. Facing: the awareness that it is impossible to do everything we want or need to do all at once; the ability to take life one step at a time. This life-changing book reveals that you already hold in your hands the keys to a more harmonious life--you simply need to look within.

Our books--the ones we choose to keep--tell the story of who we are. They remind us who we once were and who we aspire to be. Thatcher Wine founded Juniper Books in 2001. The company creates custom libraries and has perfected the art of turning books inside out to allow for books to tell stories not just to us, but about us. Working with booklovers, homeowners, and designers, Juniper Books has provided the world with a fresh new approach to the printed book. Thatcher grew up in New York City where his parents owned and operated The Quilted Giraffe, one of the most innovative restaurants in America. Thatcher graduated from Dartmouth College with a degree in history and art history and lives in Boulder, Colorado. Elizabeth Lane is the founder of Quarterlane, a quarterly subscription book service which merged with Juniper Books in 2018. She is also the book buyer for her local independent bookstore, Partners Village Store and Kitchen in Westport, Massachusetts. Prior to working in books, Elizabeth worked in contemporary visual art--in galleries, nonprofit initiatives and museums in New York, Austin, and Chicago. Elizabeth graduated from Davidson College with a degree in art history and received her masters degree from the School of the Art Institute of Chicago.

A look at the culture and fanaticism of book lovers, from beloved New York Times illustrator Grant Snider It's no secret, but we are judged by our bookshelves. We learn to read at an early age, and as we grow older we shed our beloved books for new ones. But some of us surround ourselves with books. We collect them, decorate with them, are inspired by them, and treat our books as sacred objects. In this lighthearted collection of one- and two-page comics, writer-artist Grant Snider explores bookishness in all its forms, and the love of writing and reading, building on the beloved literary comics featured on his website, Incidental Comics. With a striking package including a die-cut cover, I Will Judge You By Your Bookshelf is the perfect gift for bookworms of all ages.

For so many people, reading isn't just a hobby or a way to pass the time--it's a lifestyle. Our books shape us, define us, enchant us, and even sometimes infuriate us. If the viral Buzzfeed-style personality quizzes are any indication, we are collectively obsessed with the idea of defining and knowing ourselves and our unique place in the world.
