Princess Diana was killed in a car crash while trying to escape paparazzi, but some people think it was no accident. JACK GUEZ/AFP via Getty Images Photographers hound police at the scene of Princess Diana's fatal car accident. Just after midnight on Aug. 31, 1997, a car carrying Princess Diana crashed into the cement barrier of a Paris tunnel.

Princess Diana's Death: Inside The Tragic Story

An article was published by TheGuardian in 2002, 5 years after the death of Princess Diana, who quoted that she was indeed in possession of an alleged tape of a rape being conducted within the royal premises. Diana kept it in a safe box in Kensington Palace. She only spoke with her sister about the tape. And when Diana's sister, Lady Sarah McCorquodale, tried to get her hands on it, it was ...

Anonymous: Princess Diana Was Killed/Murdered By Royal...

Some conspiracy theories suggest Diana was murdered because of her anti-landmine campaigns. But the murder of such a prominent landmine campaigner would surely provide an extra impetus to the cause and indeed her death was the catalyst behind the signing of the Ottawa Treaty in December 1997, banning the weapon.

Noel Botham's 'The Murder of Princess Diana', first published in 2007, is much shorter with just 244 pages, far less detail and information than is found in Morgan's book. Botham splits his work in half with the first 120 pages covering Diana's troubled time in the Royal family and the second half covering the events in Paris.

The Murder of Princess Diana by Noel Botham

The crash occurred just after midnight on August 31, 1997. A limousine carrying Diana, the divorced Princess of Wales, and her then-paramour Dodi Al Fayed, the son of an Egyptian billionaire, collided with a pillar in the Alma Tunnel in central Paris. Al Fayed and the driver, Henri Paul, were pronounced dead at the scene.

23 years ago today, Diana, Princess of Wales, was killed. A photograph of a dented car shuddered throughout the news wires on August 31, 1997, leaving billions reeling and in a death that drew out...

This is how Princess Diana transformed global attitudes to...

After 1998, it was theorised that there was an orchestrated criminal conspiracy surrounding the death of Diana, Princess of Wales. Official investigations in both Britain and France found that Diana died in a manner consistent with media reports following the fatal car crash in Paris on 31 August 1997.

Argues that the death of Princess Diana was not accidental, examining events and circumstances surrounding the car accident and the subsequent investigation. Reissue.

Millions remember the tragic date when the world lost a princess and two boys lost their beloved mother. It was a freak accident—Diana, Dodi Fayed, and driver Henri Paul died fleeing aggressive paparazzi...or so officials led us to believe. But investigative journalist Noel Botham wasn't satisfied with the "official" story. The Murder of Princess Diana documents his intensive probe into what happened that fateful night in Paris. Finally, here is a book that dares to ask—and answer—questions such as: Was the blood sample supposedly taken from Henri Paul's body actually his blood? Why was the tunnel cleaned with detergent before forensic investigations could take place? Why was Diana's body partially embalmed before the post mortem? What were the connections between the driver of the Fiat Uno seen near the Mercedes and M16? Was the man's subsequent fiery death really an accident? Did Diana's international campaign against landmines create a deadly conflict with the CIA? Culled from interviews with contacts from behind palace walls to within the halls of the Pentagon, this shocking expose blows the lid off cover-ups arranged in the highest echelons of power. Now, at long last, the secrets are revealed;the lies are exposed—and the truth about Diana's death is brought to light.

After in-depth research of the circumstances of that fateful night, investigative writer and former journalist Noel Botham finally reveals what he alleges to be the truth - Princess Diana fell victim to a ruthlessly executed assassination. Twenty years later, the tragedy still shapes Britain as we know it today. How could the Establishment betray the trust of a whole nation? How was the killing executed? Was there really another car in the tunnel at the time of the crash? Reporting from the innermost sanctums of British intelligence and royalty, Botham reveals shocking answers to what he claims is one of the UK's most successfully kept secrets. As Botham affirms, The Murder of Princess Diana firmly lays to rest the outdated theory that Diana's death was a mere accident, and finally gives the people of Britain the explanation they deserve.

This explosive book blows the lid on one of the most shocking crimes of our modern era. But it does more than that. How They Murdered Princess Diana is the most complete evidence-based account of the assassination of Princess Diana yet written. It delivers on providing answers to many of the key questions surrounding the 1997 Paris crash that took the lives of Diana and her lover Dodi Fayed - Who did it? Why was Diana assassinated? How was it carried out? It also exposes the massive inter-governmental cover-up that has taken place throughout the 17 years since the deaths. This book takes the reader through the entire story - right from the breakdown of the Diana-Charles marriage through to the 2013 sham police "scoping" of allegations of SAS involvement made by Soldier N. It covers the critical events that took place in Paris on the last day of Diana and Dodi's lives. It reveals that the crash in the tunnel was orchestrated by M16 on the orders of senior British royals. Princess Diana survived the crash but was effectively murdered by deliberate mistreatment in the ambulance by people who were supposed to be saving her. The individuals involved in the murders are exposed - it is revealed that Sherard Cowper-Coles, former UK ambassador to Saudi Arabia, headed the M16 operation on the ground in Paris. The roles of other operatives in this highly coordinated assassination are addressed in detail. This is the first book to cover the complete story in such chilling detail - a true account using the witnesses own words that at times will leave the reader shocked, aghast and breathless. How They Murdered Princess Diana shows that the 2007-8 London inquest into the deaths - headed by Lord Justice Scott Baker - was one of the most inept and corrupt inquests in the history of the British judicial system. It also exposes the 2004-6 Scotland Yard Paget investigation as a huge farce that was more dedicated to covering up the facts of what occurred than to uncovering truth. The perpetrators never thought anyone would or could ever do a full investigation piecing it all together - but this is exactly what John Morgan has done. As a result of nine years of investigative research he has produced the definitive work on the Paris assassination - the uncensored record of what occurred, how it was done and who did it. Eminent QC Michael Mansfield - who served throughout the six months of the London inquest - has said: "I have no doubt that the volumes written by John Morgan will come to be regarded as the 'Magnum Opus' on the crash." How They Murdered Princess Diana is the long-awaited abridgement of the six volumes of the highly-acclaimed Diana Inquest series. It documents the shocking truth - the shameful account of the state-sponsored assassination of Britain and the world's most loved princess, Diana Princess of Wales. John Morgan's investigation website: www.princessdianadeaththeevidence.weebly.com

"This particular phase in my life is the most dangerous. My husband is planning 'an accident' in my car, brake failure and serious head injury in order to make the path clear for him to marry." —Letter written by Princess Diana, late 1996 It is a moment that remains frozen in history. When the Mercedes carrying Diana, Princess of Wales, spun fatally out of control in the Pont de l'Alma tunnel in Paris in August 1997, the world was shocked by what appeared to be a terrible accident. But two decades later, the circumstances surrounding what really happened that night—and, crucially, why it happened—remain mired in suspicion, controversy, and misinformation. Until now. Dylan Howard has re-examined all of the evidence surrounding Diana's death—official documents, eyewitness testimony and Diana's own private journals—as well as amassing dozens of new interviews with investigators, witnesses, and those closest to the princess to ask one very simple question: Was the death of Princess Diana a tragedy...or treason? Diana: Case Solved has uncovered in unprecedented detail just how much of a threat Diana became to the establishment. In these pages you will learn of the covert diaries and recordings she made, logging the Windsors' most intimate secrets and hidden scandals as a desperate kind of insurance policy. You will learn how the royals were not the only powerful enemies she made, as her ground-breaking campaigns against AIDS and landmines drew admiration from the public, but also enmity from powerful establishment figures including international arms dealers, the British and American governments, and the M16 and the CIA. And, in a dramatic return to the Parisian streets where she met her fate, the two questions that have plagued investigators for over twenty years will finally be answered: Why was Diana being driven in a car previously written off as a death trap? And who was really behind the wheel of the mysterious white Fiat at the scene of the crash?

REPUBLISHED TO COMMEMORATE THE 20TH ANNIVERSARY OF PRINCESS DIANA'S DEATH A whole nation stood paralysed at the news of Princess Diana's tragic death after a car crash in Paris in August 1997. However heartbroken about the accident that took the life of the People's Princess, many people were sceptical about the government's official statements. After in-depth research of the circumstances of that fateful night, investigative writer and former journalist Noel Botham finally reveals what he alleges to be the truth - Princess Diana fell victim to a ruthlessly executed assassination. Twenty years later, the tragedy still shapes Britain as we know it today. How could the Establishment betray the trust of a whole nation? How was the killing executed? Was there really another car in the tunnel at the time of the crash? Reporting from the innermost sanctums of British intelligence and royalty, Botham reveals shocking answers to what he claims is one of the UK's most successfully kept secrets. As Botham affirms, The Murder of Princess Diana firmly lays to rest the theory that Diana's death was a mere accident, and finally gives the people of Britain the explanation they deserve.

This explosive, evidence-based book is the most shocking, revealing, yet factual work written on the 1997 Paris car crash that took the lives of Princess Diana and her lover, Dodi Fayed. It includes evidence showing the assassination of Princess Diana was carried out by the British intelligence agency, M16, on orders from senior members of the British royal family.

The death of Princess Diana, Princess of Wales, sent shockwaves around the world. A nation was left in mourning, but soon feelings of suspicion surfaced: was her death all that the Establishment might wish us to believe? Now, after an exhaustive two-year probe, investigative writer and former journalist Noel Botham has dared to reveal what the people of Britain have always believed - that Diana's death was murder. Using his unique contacts in the secretive worlds of intelligence and royalty, the author has uncovered the facts that prove Diana was - as she herself predicted she would be - the victim of a professional hit squad. He presents a clear account of what really happened on that fateful day of 31 August 1997. Why was the killing sanctioned? How was it executed? Was there really another car in the tunnel at the time of the crash? All of these questions and more, including how the truth was covered up by an official whitewash, are answered. This astounding book is what all enquiring minds have been waiting for, blowing the lid off the secrets the Establishment does not want us to know.The Murder of Princess Diana firmly lays to rest the theory that Diana's death was a tragic accident, and finally gives the people of Britain the explanation they deserve.

For the twentieth anniversary of Diana's death, a new, updated edition of the headline-grabbing New York Times bestseller that told the definitive story of how the Princess of Wales lost her life in a high-speed car accident in the heart of Paris on August 31, 1997. What really happened on that fateful summer night? Rumors still abound: that Diana and her boyfriend, Dodi Fayed (son of wealthy Egyptian businessman Mohamed Al Fayed), were planning to marry and British intelligence was somehow involved in their deaths. Or, that the paparazzi, a second car, or Diana and Dodi's driver, may have been responsible. Written by Tom Sancton, Time's Paris bureau chief at the time, and Scott MacLeod, then the magazine's Middle East correspondent, Death of a Princess struck a chord in 1998 with its exhaustive account of what really happened in the months, days, hours, and minutes leading up to the fatal crash. The book remains a masterwork of strong, original reporting, firsthand interviews with key figures, and insider analysis of one of the twentieth century's most tragic and unforgettable events.

Was Diana murdered? Was the British Royal family involved? Was she pregnant and engaged to Dodi? Did the paparazzi or 'a blinding white flash' cause the crash? Was driver Henri Paul really drunk or were his blood tests switched? Since Princess Diana died in Paris on 31 August 1997 there have been more questions than answers about the crash that killed her, despite lengthy official French and British investigations. This is the authoritative and up-to-date study into the death of Diana, Princess of Wales, which includes unique access to Diana's close friends and bodyguards, French and British detectives who probed the crash, and the official French investigation's dossier into the crash.
