In The Race for Paradise, we see medieval Muslims managing this new and long-lived Crusader threat not simply as victims or as victors, but as everything in-between, on all shores of the Muslim Mediterranean, from Spain to Syria. This is not just a straightforward tale of warriors and kings clashing in the Holy Land - of military confrontations and enigmatic heroes such as the great sultan Saladin.

The Race for Paradise: An Islamic History of the Crusades

In The Race for Paradise, Paul M. Cobb offers a new history of the confrontations between Muslims and Franks we now call the "Crusades," one that emphasizes the diversity of Muslim experiences of the European holy war. There is more to the story than Jerusalem, the Templars, Saladin, and the Assassins. Cobb considers the Arab perspective on all shores of the Muslim Mediterranean, from Spain to Syria.

The Race for Paradise: An Islamic History of the Crusades

An engrossing synthesis of history and scholarship, The Race for Paradise fills a significant historical gap, considering in a new light the events that distinctively shaped Muslim experiences of Europeans until the close of the Middle Ages.

The Race for Paradise: Hardcover - Paul M. Cobb - Oxford

"In The Race for Paradise, Paul M. Cobb offers an accurate and accessible representation of the Islamic experience of the Crusades during the Middle Ages. Cobb overturns previous claims and presents new arguments, such as the idea that the Frankish invasions of the Near East were something of a side-show to the broader internal conflict between Sunnis and Shi'ites in the region. The Race for Paradise moves along two fronts as Cobb stresses that, for medieval Muslims, the contemporaneous Latin Christian expansion throughout the Mediterranean was seen as closely linked to events in the Levant. As a consequence of this expanded geographical range, the book takes a broader chronological range to encompass the campaigns of Spanish kings north of the Ebro and the Norman conquest of Sicily (beginning in 1060), well before Pope Urban II's famous call to the First Crusade in 1095. Finally, The Race for Paradise brilliantly combats the trend to portray the history of the Crusades, particularly the Islamic experience, in simplistic or binary terms. Muslims did not solely experience the Crusades as fanatical warriors or as helpless victims, Cobb writes; as with any other human experience of similar magnitude, the Crusades were experienced in a great variety of ways, ranging from heroic martyrdom, to collaboration, to utter indifference"--

In 1099, when the first crusaders arrived triumphant and bloody before the walls of Jerusalem, they carved out a Christian European presence in the Islamic world that remained for centuries, bolstered by subsequent waves of new crusades and pilgrimages. But how did medieval Muslims understand these events? What does an Islamic history of the Crusades look like? The answers may surprise you. In The Race for Paradise, we see medieval Muslims managing this new and long-lived Crusader threat not simply as victims or as victors, but as everything in-between, on all shores of the Muslim Mediterranean, from Spain to Syria. This is not just a straightforward tale of warriors and kings clashing in the Holy Land - of military confrontations and enigmatic heroes such as the great sultan Saladin. What emerges is a more complicated story of border-crossers and turncoats; of embassies and merchants; of scholars and spies, all of them seeking to manage this new threat from the barbarian fringes of their ordered world. When seen from the perspective of medieval Muslims, the Crusades emerge as something altogether different from the high-flying rhetoric of the European chronicles: as a diplomatic chess-game to be mastered, a commercial opportunity to be seized, a cultural encounter shaping Muslim experiences of Europeans until the close of the Middle Ages - and, as so often happened, a political challenge to be exploited by ambitious rulers making canny use of the language of jihad.

"In The Race for Paradise, Paul M. Cobb offers an accurate and accessible representation of the Islamic experience of the Crusades during the Middle Ages. Chronicles the author's quest to find out about her ancestry through DNA testing, sharing findings, stories, and the controversies around Latino identity.

They shoot the white girl first. With the rest they can take their time.) So begins Toni Morrison's Paradise, which opens with a horrifying scene of mass violence and chronicles its genesis in an all-black small town in rural Oklahoma. Founded by the descendants of freed slaves and survivors in exodus from a hostile world, the patriarchal community of Ruby is built on righteousness, rigidly enforced moral law, and fear. But seventeen miles away, another group of exiles has gathered in a promised land of their own. And it is upon these women in flight from death and despair that nine male citizens of Ruby will lay their pain, their terror, and their murderous rage. In prose that soars with the rhythms, grandeur, and tragic arc of an epic poem, Toni Morrison challenges our most fiercely held beliefs as she weaves folklore and history, memory and myth into an unforgettable meditation on race, religion, gender, and a far-off past that is ever present.

From the widely acclaimed, best-selling author of American War, a new novel beautifully written, unrelentingly dramatic, and profoundly moving! that looks at the global refugee crisis through the eyes of a child. "It is one thing to put a human face on a migrant crisis and another to do so in so compelling a way that a reader simply cannot put your book down." "Gish Jen, author of The Resisters More bodies have washed up on the shores of a small island. Another overfilled, ill-equipped, dilapidated ship has sunk under the weight of its too many passengers: Syrians, Ethiopians, Egyptians, Lebanese, Palestinians, all of them desperate to escape untenable lives back in their homelands. But miraculously, someone has survived the passage: nine-year-old Amir, a Syrian boy who is soon rescued by Vanna. Vanna is a teenage girl, who, despite being native to the island, experiences her own sense of homelessness in a place and among people she has come to disdain. And though Vanna and Amir are complete strangers, though they don't speak a common language, Vanna is determined to do whatever it takes to save the boy. In alternating chapters, we learn about Amir's life and how he came to be on the boat, and we follow him and the girl as they make their way toward safety. What Strange Paradise is the story of two children finding their way through a hostile world. But it is also a story of empathy and indifference, of hope and despair and about the way each of those things can bind us to reality.

From the author of the modern classic A Little Life, a bold, brilliant novel spanning three centuries and three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia. In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist's damaged granddaughter tries to navigate life without him and solve the mystery of her husband's disappearances. These three sections are joined in an enthralling and ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can't exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness. To Paradise is a fin-de-siecle novel of marvellous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara's understanding of the aching desire to protect those we love | partners, lovers, children, friends, family and even our fellow citizens | and the pain that ensues when we cannot.

Something has gone wrong on the planet of Paradise. The human settlers - farmers and scientists - are finding that their crops won't grow and their lives are becoming more and more dangerous. The indigenous plant life - never entirely safe - is changing in unpredictable ways, and the imported plantings wither and die. And so the order is given - Paradise will be abandoned. All personnel will be removed and reassigned. And all human presence on the planet will be disestablished. Not all agree with the decision. There are some who believe that Paradise has more to offer the human race. That the planet is not finished with the intruders, and that the risks of staying are outweighed by the possible rewards. And so the leader of the research team and one of the demolition workers set off on a journey across the planet. Along the way they will encounter the last of the near-mythical Dendron, the vicious Reapers and the deadly Tattersall Weeds as they embark on an adventure which will bring them closer to nature, to each other and, eventually, to Paradise.

No one knew Staceyann's mother was pregnant until a dangerously small baby was born on the floor of her grandmother's house in Lottery, Jamaica, on Christmas Day. Staceyann's mother did not want her, and her father was not present. No one, except her grandmother, thought Staceyann would survive. It was her grandmother who nurtured and protected and provided for Staceyann and her older brother in the early years. But when the three were separated, Staceyann was thrust, alone, into an unfamiliar and dysfunctional home in Paradise, Jamaica. There, she faced far greater troubles than absent parents. So, armed with a fierce determination and uncommon intelligence, she discovered a way to break out of this harshly unforgiving world. Staceyann Chin, acclaimed and iconic performance artist, now brings her extraordinary talents to the page in a brave, lyrical, and fiercely candid memoir about growing up in Jamaica. She plumbs tender and unsettling memories as she writes about drifting from one home to the next, coming out as a lesbian, and finding the man she believes to be her father and ultimately her voice. Hers is an unforgettable story told with grace, humor, and courage.
