The Rainbow book has the colors of the rainbow presented in cut out form, so it's really 3D. It does add pink, but girls love that so it wasn't a bother to my kinders. I love the way the book talks about the emotions of colors, as it gives great ideas to children to make their own drawing and write about it. Very helpful for parents or teachers.

in this wry, embracing novel. Big Burr, Kansas, is the kind of place where everyone seems to know everyone, and everyone shares the same values--or keeps their opinions to themselves. But when a national nonprofit labels Big Burr "the most homophobic town in the US" and sends in a task force of queer volunteers as an experiment--they'll live and work in the community for two years in an attempt to broaden hearts and minds--no one is truly prepared for what will ensue. Furious at being uprooted from her life in Los Angeles and desperate to fit in at her new high school, Avery fears that it's only a matter of time before her "gay crusader" mom outs her. Still grieving the death of her son, Linda welcomes the arrivals, who know mercifully little about her past. And for Christine, the newcomers are not only a threat to the comforting rhythms of Big Burr life, but a call to action. As tensions roil the town, cratering relationships and forcing closely guarded secrets into the light, everyone must consider what it really means to belong. Told with warmth and wit, *Under the Rainbow* is a poignant, hopeful articulation of our complicated humanity that reminds us we are more alike than we'd like to admit.

Hudson is a boy full of kindness, laughter and magic! One day he decides to show his friends, family and even strangers what it's like to be a rainbow to others. His kindness towards others spread until one day the world turns into a magical land of peace, love and happiness. How can you be a rainbow in someone else's cloud?

Good news! Fannie's back in town—and the town is among the leading characters in her new novel. Along with Neighbor Dorothy, the lady with the smile in her voice, whose daily radio broadcasts keep us delightfully informed on all the local news, we also meet Bobby, her ten-year-old son, destined to

live a thousand lives, most of them in his imagination; Norma and Macky Warren and their ninety-eight-year-old Aunt Elner; the oddly sexy and charismatic Hamm Sparks, who starts off in life as a tractor salesman and ends up selling himself to the whole state and almost the entire country; and the two women who love him as differently as night and day. Then there is Tot Whooten, the beautician whose luck is as bad as her hairdressing skills; Beatrice Woods, the Little Blind Songbird; Cecil Figgs, the Funeral King; and the fabulous Minnie Oatman, lead vocalist of the Oatman Family Gospel Singers. The time is 1946 until the present. The town is Elmwood Springs, Missouri, right in the middle of the country, in the midst of the mostly joyous transition from war to peace, aiming toward a dizzyingly bright future. Once again, Fannie Flagg gives us a story of richly human characters, the saving graces of the once-maligned middle classes and small-town life, and the daily contest between laughter and tears. Fannie truly writes from the heartland, and her storytelling is, to quote Time, "utterly irresistible."

The most beautiful fish in the entire ocean discovers the real value of personal beauty and friendship.

Imagine a world without color, illuminated by a gray sun.... Imagine a sudden brilliant flash -- an artificial orb ignites, filled with peculiar impossible light. . . . The nature of this light bears no description. It lingers in dreams, inciting an unrequited love for a goddess. A corrupt city is shaped like a perfect wheel, and is ruled by a sister and brother, Regent and Regentrix, by perverse desires, and by a secret. . . . A loyal warrior woman swears to serve a mysterious lord. At the same time, an epic invasion is precipitated by a being of utter darkness, who is the one absolute source of black in a monochrome silver world. And amid all this, flickers an

Explains how, even though people differ in physical appearance, clothing, language, food habits, and other customs and characteristics, they have many more things in common, and the resulting array of differences only makes life more interesting.

Children from different kinds of families demonstrate the original meanings of the colors in the rainbow flag, and then come together at a Pride parade.
