This book is a comprehensive
analysis of international
space law and policy in the
past, present and future. It

Download Ebook The Ultimate Space Law

also assesses municipal laws and policies, especially those of the United States.

The scope of the book is exceptionally broad, dealing with the very earliest developments in the field. It contains articles which

Download Ebook The Ultimate Space Law

describe the on-going
progress based on practice,
the emergence of treaties
and other international
commitments such as the
decisions of the United
Nations and the
International

Download Ebook The Ultimate Space Law

Telecommunication Union, and
issues which are currently
unresolved, but which are
under consideration in these
international
intergovernmental
organisations.
