Five years into the Kansans Can initiative, more students are graduating but math, science and English scores aren't rising.

Produced by the International Labour Office, this CD-ROM provides a set of comprehensive and comparable data on the world's labour markets. It presents 20 key indicators which relate to: the labour force; employment characteristics, such as hours of work, status and sector; measures of unemployment and underemployment; educational attainment and illiteracy; wage and labour costs; productivity; labour market flows; gender issues; and poverty and income distribution. Geographical coverage varies by indicator. The CD-ROM contains data for each year from 1980 onwards, with estimates for the year 2000 available for many economies whilst for others the most recent available data is for 1999. It also contains the actual numerators and denominators used to calculate the indicators. The text is written in English, French, Spanish and Russian.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
