With its flexibility, simplicity, and range, MANUAL DE GRAMÁTICA EN ESPAÑOL, Second Edition, is an accessible grammar reference for students of Spanish. It combines clear, easy-to-use charts with detailed grammar explanations in Spanish supported by plentiful examples and real-world applications. By choosing the online format through the iLrn: Heinle Learning Center, students can review mini-lessons on grammar, pronunciation, and vocabulary to study and supplement in-class lessons. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The most comprehensive and reliable source of information on all aspects of animal healthcare is now in its ninth edition. With updated coverage and a new look, this landmark 50th Anniversary Edition of the classic reference for veterinary students and practitioners worldwide continues its legacy of top-notch veterinary instruction. Expanded by 400 pages, this new edition includes additional information on new and emerging animal diseases, broadened chapters on emergency and critical care, expanded coverage of exotic and laboratory animals, important coverage of animal-to-human disease transmission, plus many other added and revised chapters. Available from Wiley only in the US, Caribbean, and Latin America.

Este libro es una excelente síntesis del arte español, desde la Prehistoria hasta nuestros días. En todos los casos son estudios profundos y documentados de las distintas etapas artísticas, de los movimientos que las crearon, de los artistas y sus obras más destacadas, tanto de obras pictóricas como escultóricas, arquitectónicas y urbanísticas. Todos los autores son Catedráticos y profesores de las universidades españolas y de alguna de los Estados Unidos, los cuales han escrito un manual de arte fundamental y necesario, claro y de fácil manejo, con rigor histórico y acompañado de cerca de mil imágenes de las obras pictóricas, escultóricas, vistas de monumentos, catedrales, edificios, planos, mapas, plantas y alzados, y finalmente acompañado de un índice de lugares, artistas y obras con más de 5.000 voces.

The Routledge Handbook of Variationist Approaches to Spanish provides an up-to-date overview of the latest research examining sociolinguistic approaches to analyzing variation in Spanish. Divided into three sections, the book includes the most current research conducted in Spanish variationist sociolinguistics. This comprehensive volume covers phonological, morphosyntactic, social, and lexical variation in Spanish. Each section is further divided into subsections focusing on specific areas of language variation, highlighting the most salient and current developments in each subfield of Hispanic sociolinguistics. As such, this Handbook delves further into the details of topics relating to variation and change in Spanish than previous publications, with a focus on the symbolic sociolinguistic value of specific phenomena in the field. Encouraging readers to think critically about language variation, this book will be of interest to advanced undergraduate and graduate students, as well as researchers seeking to explore lesser-known areas of Hispanic sociolinguistics. The Routledge Handbook of Variationist Approaches to Spanish will be a welcome addition to specialists and students in the fields of linguistics, Hispanic linguistics, sociolinguistics, and linguistic anthropology.

Three college roommates try to live and enjoy their student lives while caught up in the frenzy of casual drug use, recreational sex, lacrosse, rock and roll music, political activism, riots, and race relations during the tumultuous 1969-70 school year in the unique student community of Isla Vista.

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National

Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.
