Based on tests conducted by Consumers Union, this guide rates new cars based on performance, handling, comfort, convenience, reliability, and fuel economy, and includes advice on options and safety statistics.

A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.

In contemporary economies, businesses must consistently make strides to remain competitive and profitable at both national and international levels. Unlike in the developed world, corporations in developing nations face a different set of challenges for achieving growth. Multinational Enterprise Management Strategies in Developing Countries is an authoritative reference source for the latest scholarly research on diverse opportunities and obstacles facing multinational corporations in emerging economies. Highlighting innovative perspectives and real-world examples, this book is ideally designed for researchers, practitioners, upper-level students, and industry professionals interested in management approaches for achieving success in international corporations.

This book is designed as an interdisciplinary platform for specialists working in electric and plug-in hybrid electric vehicles powertrain design and development, and for scientists who want to get access to information related to electric and hybrid vehicle energy management, efficiency and control. The book presents the methodology of simulation that allows the specialist to evaluate electric and hybrid vehicle powertrain energy flow, efficiency, range and consumption. The mathematics behind each electric and hybrid vehicle component is explained and for each specific vehicle the powertrain is analyzed and output results presented through the use of specific automotive industrial software (AVL Cruise , IPG CarMaker, AVL Concerto). This methodology of electric and hybrid powertrain design serves to broaden understanding of how the energy flow, efficiency, range and consumption of these vehicles can be adjusted, updated and predicted via development processes.

S40 Saloon & V40 Estate, inc. T4 & special/limited editions. Does NOT cover new S40/V50 range introduced Mar 2004 or bi-fuel models. Petrol: 1.6 litre (1588cc), 1.8 litre (1731, 1783 & 1834cc), 1.9 litre (1855cc) & 2.0 litre (1948cc), inc. GDI & Turbo.
