Why Does Daddy Always Look So Sad? is a poignant and honest memoir detailing Jude Morrow's journey to parenthood, and how his autism profoundly affected that journey, for both better and worse, bringing hope to all who live with autism as well as those who care for someone on the spectrum. I knew that Jupiter has seventy-nine known moons and where the swimming pool was located on the Titanic, yet I didn't know how to connect with this beautiful child who called me "Daddy." Why Does Daddy Always Look So Sad? is a candid view of life and love through the eyes of an autistic adult—who went from being a nonverbal and aggressive child to a hard working and responsible father to a non-autistic son. Growing up autistic, Jude Morrow faced immense challenges and marginalization, but he was able to successfully—though not without difficulty—finish university and transition into a successful career and eventually parenthood. Those with autism can have difficulty understanding the world around them and can find it hard to find their voice, but in this poignant and honest memoir, Jude defiantly uses his found voice to break down the misconceptions and societal beliefs surrounding autism, bringing hope to all who live with autism as well as those who care for someone on the spectrum. Jude views his autism as a gift to be shared, not a burden to be pitied, and as he demonstrates through his honest recollections and observations, autistic people's lives can be every bit as happy and fulfilling as those not on the spectrum.

Experiencing loss, whether sudden or expected, is extremely challenging at any age. For children, this time is not only scary, but also can be overwhelming and sometimes lonely. A little turtle loves doing fun things with his mommy that include flying a kite. But his world is turned upside down after his mother suddenly falls ill and goes to the hospital one day. When the turtle's father tells him she has gone to heaven to live with God, the turtle must somehow learn to live without her. The turtle misses his mommy so much. While he wonders if she is living in a cloud, his grandmother and others help lead him through all of his feelings as he moves through the first year following her death and learns that it is okay to cry, laugh and be happy, and forever love his mommy with all his heart. In this beautifully illustrated and touching tale, a young turtle learns how to deal with loss and grief after his mother suddenly dies and leaves him believing she is watching over him from her heavenly cloud. This book provides numerous recommendations for adults supporting the grieving child. These include suggestions for honoring memories, creating tangible remembrances, and working through shared grief in a gentle and supportive way.

A coloring book for the whole family, depicting the greatest moments from Cleveland professional sports. The companion to our popular Why is Daddy Sad on Sunday? Disappointing Moments in Cleveland Sports Coloring Book, this new coloring book celebrates the great moments in Cleveland sports history! Lebron is back! The Browns have Johnny Football! Why is Daddy Happy on Sunday: Great Moments in Cleveland Sports Coloring Book contains 25 drawings depicting scenes of the biggest Cleveland professional sports triumphs. The book also contains editorial descriptions of each scene, including commentary by the author. This coloring book was made possible through the support of Cleveland sports fans and their backing of our Kickstarter.com campaign.

Frightened, lonely, and angry after her father is killed in a car accident, Clare is helped through the grieving process by her mother and grandfather.

When we were on a No Girls Allowed! holiday, my daddy's heart stopped beating and I had to find help all by myself. He was very badly broken. Not even the ambulance people could help him... This honest, sensitive and beautifully illustrated picture book is designed to help explain the concept of death to children aged 3+. Written in Alex's own words, it is based on the real-life conversations that Elke Barber had with her then three-year-old son, Alex, after the sudden death of his father. The book provides reassurance and understanding to readers through clear and honest answers to the difficult questions that can follow the death of a loved one, and carries the invaluable message that it is okay to be sad, but it is okay to be happy, too.

My Daddy Went to Jail and I Am Sad is about unfortunate real-life instances that are hard to talk about with our children. Sometimes, we as parents are embarrassed to talk to our family and friends and especially our children when a parent makes a mistake in life and ends up in the judicial system. We need to be open with our children about these things and talk about things that are hard. This book is one of those ways to help in talking to our children. Proverbs 28:13 says, He who covers his sins will not prosper. But whoever confesses and forsakes them will have mercy.

"This book is a crucial tool for parents, educators, and anyone who cares about the well-being of children who, through no fault of their own, are forced to bear the consequences of our country's obsession with incarceration. For children who desperately miss their parents, feel confused, or are teased at school, this book can go a long way in letting them know that they are not alone and in normalizing their experiences." —Eve L. Ewing A little girl who misses her father because he's away in prison shares how his absence affects different parts of her life. Her greatest excitement is the days when she gets to visit her beloved father. With gorgeous illustrations throughout, this book illuminates the heartaches of dealing with missing a parent and shows that a little girl's love can overcome her father's incarceration. Mariame Kaba is an educator and organizer based in New York City. She has been active in anti-criminalization and anti-violence movements for the past thirty years. bria royal is a multidisciplinary artist based in Chicago.

There are approximately 3,712 ways for a guy to look stupid during pregnancy - this book's here to help you avoid all(most) of them. And here's your first hint: Focus on what you can be doing for her rather than what's happening to her. She's pregnant. She knows that. You know that. And her 152 baby books tell her exactly what she can expect. Your job is to learn what you can do between the stick turning blue and the drive to the delivery room to make the next nine months go as smoothly as possible. That's where John Pfeiffer steps in. Like any good coach, he's been through it. He's dealt with the morning sickness and doctor visits, painting the baby's nursery and packing the overnight bag, choosing a name, hospital, and the color of the car-seat cover. All the while he remained positive and responsive - there with a "You're beautiful" when necessary - but assertive during the decision-making process (he didn't want to wind up with a kid named Percy). And now it's your turn. She might be having the baby, but you have plenty of responsibilities.

Taking in many different perspectives, this book sheds light on the many aspects of postnatal depression in fathers - an unknown subject to many people. It includes a review of recent studies and research in this area, investigating the reasons behind male postnatal depression and how this can effect family relationships. It also examines the the social and psychoanalytic factors which go some way to explaining why men experience this depression as well as women. The book's author, Olivia Spencer, talks with Michel Odent, a renowned obstetrician, writer, and birth expert. Odent's controversial view that men should not be present at childbirth, and that their presence may indeed be a trigger for depression, are central to his discussion. Spencer also talks with Adam Jukes, a psychoanalyst with a wealth of experience in working with violent and angry men. Jukes gives fascinating insights into male behavior, explaining that we simply don't give men the resources they need to deal with a new baby. The book opens up a discussion of diagnosis and treatment through personal stories from both men and women affected by a father's postnatal depression. It will increase awareness of this under-discussed subject and will challenge preconceptions. \*\*\* "This book will certainly provide significant contributions to the field of childbirth education in the conventional, childbirth preparation, and labor and birth classes....Fathers involved in the pregnancy experience, even in a small way, can be encouraged to take the suggested surveys identified in this book. It will certainly increase the conversation on providing more resources for fathers who are unaware of, or are reluctant to talk about, suffering from PND." - International Journal of Childbirth Education, Vol. 30, No. 2, April 2015-
