scientist and foundational theorist in mass communication both through his scholarship and his hugely influential textbook McQuail's Mass Communication Theory, died on June 25. He was 82 years old. A condolence message from Janet Wasko, president of the International Association for Media and Communication Research, notes that he died peacefully – and mentally active.

## **The Theorist of Mass Communication: Denis McQuail, 1935-2017**

The general notion that mass communication interposes in some way between 'reality' and our perceptions and knowledge of it refers to a number of specific processes at different levels of analysis. The Westley and MacLean (1957) model (see p. 86) indicates some of the additional elements needed for a more detailed frame of reference.
