Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Golden Guide to Hallucinogenic Plants (1976)

February 21, 2020. January 18, 2012 by Lichtenberg.
Hallucinogenic Plants was a part of a series of books and field guides published in the seventies under the name Golden Guides. Hallucinogenic plants were written by Richard Evans Schultes - a founder of modern ethnobotany. The book is a good intro to psychedelics that has been much further explored since it was published, but I have chosen to post it here because of its

I will finish my tutorial by talking about the myths on Hallucinogenic Plants. Almost every time I see this book for sale it's mentioned that it was pulled, suppressed, recalled or words to that effect. I'm sure this book was frowned upon when it showed up in libraries. And Golden Press probably was pressured to quit publishing this title. But ...
