This course is designed to drive positive outcomes and impact in your practice and context. VOICE - Steve. The course also role models CIPD's learning philosophy, which at its heart recognises the need to empower learners, with excellent, creative learning resources available anytime, anywhere.

## **Learning | New Profession Map - CIPD**

The focus on learning outcomes An immediately obvious implication of L&D evaluation research is the need to focus on learning outcomes - broadly defined as some permanent or long-lasting change in knowledge, skills and attitudes - which is an output or outcome, rather than on any training itself which is an input.

value and risk.

## **Outcomes-driven | CIPD Profession Map**

Learning is targeted on performance needs and aligned to key performance indicators. Learning and development may cover more than a narrow definition of business benefit – they can support the organisation's wider social agenda (for example, by taking community needs into account when offering apprenticeships).

## **Learning & Development Strategy and Policy | Factsheets | CIPD**

Join the CIPD at the epicentre of learning and development Nothing stands still for long in Learning and Development. Disruption is constant, with new ideas continually emerging to reinvent how, where and when we learn.
