The development history of Mac OS X system | Develop Paper

The one thing you have to be concerned about is compatibility with any pre-10.13 devices. 10.13 has a new file system which adjusts the formatting of the drive if it is SSD, making Mac OS X 10.12 and earlier unable to view the drive directly. However, you can always FTP into the drive over a network. Here is the 10.13 update:
