Metaphor is distinct from metonymy, both constituting two fundamental modes of thought. Metaphor works by bringing together concepts from different conceptual domains, whereas metonymy uses one element from a given domain to refer to another closely related element.

Metaphor - Wikipedia

In classical theories of language, metaphor was seen as a matter of language not thought. Metaphorical expressions were assumed to be mutually exclusive with the realm of ordinary everyday language: everyday language had no metaphor, and metaphor used mechanisms outside the realm of everyday conventional language.

The Contemporary Theory of Metaphor George Lakoff

Metaphor and Thought | Andrew Ortony | download

Metaphor and Thought. Ortony, Andrew, Ed. In the essays contained in this volume, philosophers, psychologists, linguists, and educators raise questions about the viability of the traditional distinction between the literal and the metaphorical. The essays reflect important parallel developments in the fields represented but also illustrate a convergence of approaches to a common problem by different disciplines.
