Molecular Cell Biology stands out from its peers in this course in that it provides a clear introduction to the techniques and experiments of scientists past and present, not just an "encyclopedia" of information. This experimental emphasis, together with a solid pedagogical framework in the chapters,

The process by which a

signal on a cell's

surface is converted

into a specific cellular

response is a series of

steps called a signal-

transduction pathway.

Read PDF Molecular Cell Biology 7th

The molecular details of these pathways are strikingly similar in yeast and animal cells, even though their last common ancestor lived more than a billion years ago.
