If you are looking for
Indie books, Bibliotastic
provides you just that
for free. This platform
is for Indio authors and
they publish modern
books. Though they are
not so known publicly,
the books range from
romance, historical or

Download Ebook Pro Android

mystery to science fiction that can be of your interest. The books are available to read online for free, however, you need to create an account with Bibliotastic in order to download a book. The site they say will be closed by the end of June 2016, so grab your favorite books as soon as possible.

Pro Android Python with SL4A - s3.bitdl.ir

SL4A is designed for developers and (as of March 2016) is still alpha quality software.

As of January 2016, other developers have forked the SL4A code to enable it to run on Android Lollipop and Android Marshmallow after development on the main code branch stopped, for example
