Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

Sociology Now The Essentials Census

Science of Sociology - Unlike most briefer books, Sociology Now: The Essentials has separate chapter (4) on Research Methods, with full coverage of the scientific method, qualitative and quantitative approaches, predictability, probability, causality, and professional conduct. In addition, two features in each chapter help students see the empirical basis of sociology, and how sociologists use research data.
