The final step in upgrading the audio system on your bike is to choose the right speakers, then have us install them properly. For some folks, having us install upgraded front fairing speakers from a company like ARC Audio may deliver all the sound they need. If you want even more sound, we have a variety of options to add additional speakers.

The 2015 Victory Cross Country comes with a 30-pin iPod audio cable instead of a lightning connector. Owners of iPhone 5, iPhone 6 or Android phones will be challenged to use this cable for connecting to the Victory's stereo system. Road Iron tested the CoolStream Duo as a Bluetooth solution to this problem.
