It took David White 9 months to decide, and, despite a rather negative market survey and no experience in the manufacture of photographic equipment, the company decided to go ahead with the production of a complete stereo system: camera, viewer and mounting hardware and services. That's how the Stereo Realist was born.

DrT's Stereo Realist Page

It had a lens aperture of f/2.7 to f/22. Shutter speeds B to 1/100. Rangefinder focusing. The shape, the center knob, and saddle leather trim make it an unusually graceful camera in appearance. Like the Stereo Realist and Kin-Dar it also had a left hand shutter release button, although Seton was right handed.

This is a collection of papers and notes on the repair of the stereo camera know as the "Realist". The camera first came out in the 40's and was built to last. If you find one it will still be in working condition, that has been my experience. I have 4. Edward's notes give details on how to take the camera apart and clean and do minor repairs.

Amazon.com: Customer reviews: Stereo Realist Camera Repair ...

I have two Realist viewers that Dr. T upgraded to 8p, as I recall. Also have an Airquipt stereo theater that Dr. T upgraded to 7p. Sadly I have not shot chrome slides in a few years as I have no local access to developers. I have several stereo cameras including an expensive RBT X-4 with twin tokina tele lenses.
