Comics then become the predominant place in culture that this visual language is used, often paired along with writing (a learned importation of the verbal modality into the visual-graphic). That is, contrary to the metaphor used by their authors, comics themselves are not a language, but comics are written in visual languages the

comics are a medium unto themselves with a single, unified language, rather than, as Scott McCloud once said, “the ‘bastard child’ of words and pictures.”<sup>5</sup> The field of comics ranges from the strip cartoons found in the daily newspaper to on-line web comics and has a place in both Western and Eastern cultures. The aesthetic,
