Manga Guides Series by Masaharu Takemura

A beginner's guide to manga must start with this genre. Many of the series available in English fall into this category. Shonen manga are targeted toward teenage boys. It's one of the equivalent genres to YA. While there are exceptions, shonen manga typically feature lots of action and male protagonists who want to get stronger in some way.

The Manga Guide to Statistics "is really what a good math text should be like. Unlike the majority of books on subjects like statistics, it doesn't just present the material as a dry series of pointless-seeming formulas. It presents statistics as something fun, and something enlightening. It shows you why you should care about this material, and how it's useful even to people in non-mathematical fields."
