UNTV News and Rescue - YouTube

The United Nations television film series was a series of American television films planned and developed in the 1960s for the purpose of promoting the United Nations and educating television viewers about its work. Although six films were originally planned only four were broadcast, all by the American Broadcasting Company network between December 1964 and April 1966. The series was funded by corporate sponsor Xerox and involved many notable producers, directors, writers, and actors, including
